Feel to Learn: Salmon Shape sorting bucket

Fun cube of lace for babies over 12 months that helps them learn to recognize different shapes and colors, exercise hand-eye coordination and stimulate logical reasoning. They can play to fit and insert their different pieces (16) in the salmon-colored cube through a lid with 4 basic shapes: circle, triangle, square and pentagon. The shapes can be used as sand molds and have holes through which water can "rain" and can also be stored inside the bucket with a handle and carried everywhere, encouraging their autonomy. Game made in Spain, with eco-friendly materials and 100% recyclable. Unisex toy in salmon color.

- Nestable cube for babies from 12 months, which helps them to recognize shapes and colors while playing.
- Includes 16 pieces with 4 basic shapes: circle, triangle, square and pentagon and a lid with holes to fit them.
- Develops their hand-eye coordination, through the game of fitting the different shapes through the lid of the cube.
- Stimulates logical reasoning, favoring the identification of the cause-effect relationship.
- The pieces can be used as sand molds and have holes to make "rain water".
- All the pieces can be stored inside the bucket with handle for easy transport and storage.
- Manufactured in Spain with 97% recycled materials and 3% recyclable material.
- 100% recyclable.
