

Child safety solutions ...

Every day 5,000 children are injured, 170 are hospitalised and 1 dies as a result of accidents.*

...for use around the home

With its large and comprehensive range of catches, latches and locks, Dreambaby® will help keep babies and toddlers safer in the home.

Children learn from repetition, they watch and copy so it's important to use a variety of different Dreambaby® safety products which work in different ways to help prolong the deterrent effect.
