## RECONCEIVED

As your pregnancy develops and especially as you approach the arrival of your newborn, the urge to adore, nurture and protect comes from nowhere, filling your heart with an overwhelming feeling of love.

As designers and parents of egg®, our endeavours have taken us on a similar journey. Our original inspiration came from the 'egg', which of course is richly symbolic, connoting birth, warmth, shelter and sustenance.

The line 'Some products are made. Some products are born.' brought forth a new understanding of what innovation was and what it meant. egg® was born from a desire to take infant travel in a new direction; one that celebrates luxury, style, design and quality engineering.

But like all things, change is necessary. Some call it 'Evolution'. We call it 'Rebirth'. This is a new generation...

This is egg<sup>2</sup>® - **egg®. Reborn.**

# egg<sup>2</sup><sup>®</sup>

## THE POWER OF EVOLUTION

You have created a new life and it's time for baby to explore their new world. Time to get outside in style and comfort with your new egg<sup>2</sup><sup>®</sup> stroller.

The egg<sup>2</sup><sup>®</sup> carrycot is perfect for the first few months, offering a cosy, comfortable and protective environment that keeps your baby safe in a lie-flat position.

At six months, baby can move up to the egg<sup>2</sup><sup>®</sup> seat where they can interact with you, always listening and learning. As they grow, the harness and headrest can be effortlessly adjusted and the seat can be switched to the world facing position – taking in new sights and sounds.

Designed in Britain, egg<sup>2</sup><sup>®</sup> stays true to the school of 'Inspired Luxury Design' with soft-touch marl tailoring, smooth curves and superb engineering. The new wheel design along with the integration of Tru-Ride Technology<sup>®</sup> and all-round suspension provides an effortlessly smooth ride for baby.

It was important for egg<sup>2</sup><sup>®</sup> to preserve the DNA of egg<sup>®</sup>; the showstopping look and premium feel is very much reminiscent of the original model, and putting the stroller together is just as intuitive.

egg<sup>2</sup><sup>®</sup> offers confidence, vogue and exceptional ease of use for new parents.

At egg, our commitment to you is to equip this premium product with the best in quality tyres. Featuring Tru-Ride® Technology, these PU Polymer tyres have been engineered to offer comfort and durability. Our tyres last ten times longer than more commonly used EVA, offering superior handling and giving a smoother ride for both you and your child.

Featuring a new unique egg-shaped tread pattern, the egg<sup>2</sup>® leaves its mark wherever it goes.

## THE COLLECTION

Born in Britain and still family owned, we work tirelessly with the very best designers and manufacturers across the nation, Europe and around the world to bring to market new products that are contemporary by design as well as those that are more classic and traditionally styled.

egg<sup>®</sup> is quintessentially British but our fabrics are inspired by styles both at home and far and wide. The new Collection is made from a luxury soft-touch tailored marl and is available in eight different colourways - from the rich North African desert tones of Paprika, to the calm azure night of Cobalt and the freshness of Seagrass.

Collection colours are available to buy separately or as 8-piece packages, which include the stroller, carrycot, egg<sup>®</sup> Shell car seat, multi car seat adaptors, ISOFIX base, backpack, footmuff and fur Liner.

For more information on our packages, visit [eggstroller.com](https://www.eggstroller.com), or see page 42.

## SEAGRASS

Presenting a calm yet invigorating freshness to stroller fashion, our Seagrass fabric echoes of mediterranean coastal strolls and relaxing beachfront memories.

The soft-touch tailored marl fabrics are perfectly complemented by the earthier tones of our gunmetal chassis, seeming to grow from the frame, and the contrasting black hand-stitched handle and bumper bar finish the ensemble off perfectly. The Seagrass edition truly needs to be explored to be appreciated.

## SHERWOOD

From time to time we doff our cap to areas of natural beauty that inspire us and surround our location in the Midlands of England. This season it was a late summer stroll among the tall trees of Sherwood Forest that captured our imagination.

Bringing the deep, lush greenery to life through this soft-touch tailored marl fabric was an exciting adventure in colour and seasons, and our gunmetal chassis provides the perfect setting for you to begin your own journeys and expeditions in nature.

## SPECIAL EDITIONS

No collection is complete without Special Edition options. You're in-store comparing egg2<sup>®</sup> to your other shortlisted options and it's often that a unique colour and premium accessories make the difference for egg<sup>®</sup> parents - it's what gives their stroller that little extra something special.

egg2<sup>®</sup> Special Editions represent the best – but better, with luxurious dedicated accessories, like the new matching toplayer backpack and footmuff which also converts into a blanket.

Special Edition favourites staying in the range include the popular 'Diamond Black' which is available on a beautiful rose gold frame, and the stealthy 'Just Black' - available from selected independent partners only.

The range sees the return of the iconic Jurassic edition with the new 'Jurassic Grey'. Inspired by wild reptile styling, deep metallic fabrics delicately dress a striking gunmetal frame with finesse.

egg2<sup>®</sup> Special Editions are available to buy separately or as 8-piece packages, which include the stroller, carrycot, egg<sup>®</sup> Shell car seat, multi car seat adaptors, ISOFIX base, toplayer backpack, footmuff and reversible fur Liner.

For more information on our packages visit [eggstroller.com](https://www.eggstroller.com) or see page 42.

## INFANT TRAVEL

The egg® Shell i-Size car seat completes your newborn experience by working with your egg stroller to create a co-ordinated travel system which will provide you with a full solution for all your baby transport needs.

The egg® Shell benefits from an enhanced side-impact protection shell, as well as a memory foam headrest and can be easily installed into most vehicles either by using the 3-point seat belt, or by affixing it to the egg® Dock ISOFIX base.

egg® Shell is easy to set up in the travel system configuration (multi car seat adaptors required) and cleverly uses the multi-position handle of the car seat to lock it in position. If baby is asleep in the car seat when you arrive at your destination you can carefully attach the seat to the chassis of your egg2® stroller and stroll away whilst the snoozing continues.

The egg® Shell is available in all collection and special edition colours, and is included as part of our 8-piece packages.

Please note: Car seats from other brands such as Maxi Cosi, Cybex and Peg Perego are also compatible with the egg2® chassis, when used with the multi car seat adaptors. Please see page 15 for compatibility or our website.

ISOFIX

# SHELL (i-Size) CAR SEAT

At egg<sup>®</sup> we are synonymous with the highest standards of safety and functionality, overlaid with immense style and design that offers a real luxury occasion time and time again for new parents.

Suitable for rearward facing travel from 40 to 80cm (birth to approx. 15 months), the egg<sup>®</sup> Shell (i-Size) car seat features an enhanced side-impact protection shell, as well as a memory foam headrest providing optimum cushioning for baby in the event of a collision.

In addition, the egg<sup>®</sup> Shell has enhanced inner-body padding (for use from newborn), which provides key support for both the side and upper leg muscles on car journeys. As their muscles strengthen, develop and grow, these key protective cushions can be removed enabling baby to use the seat up to 13kg.

## egg<sup>®</sup> Dock ISOFIX Base

The egg<sup>®</sup> Dock anchors to the vehicles ISOFIX points. There is an extendable leg and a rebound bar for stability as well as visual indicators for a simple and correct installation. The seat can also be installed using a 3-point vehicle seatbelt (ECE R44/04).

*For more information, and vehicle compatibility, please visit [eggstroller.com](http://eggstroller.com). Please note, this car seat model will become available throughout the year as part of a rolling change. Please enquire with your retailer for more details.*

## GROWING FAMILIES

As well as working beautifully for one little person, the egg2<sup>®</sup> stroller has also been designed to grow with your family so that your initial investment will last you through more than just your first bundle of joy.

Whether you need transport for newborn twins, a baby and a toddler or even two toddlers we have got you covered with our range of carrycots, tandem seats, adaptors and accessories. The more intrepid toddler who wants to travel with baby brother or sister can also walk with you but then take a break by hopping on our ride-on board (page 59).

There is no compromise on the smoothness of the ride or the convenience to the pushing parent. Our adaptors are designed with ease of use in mind, allowing you to build up and break down your egg2<sup>®</sup> stroller system in seconds.

None of our solutions are after-thoughts; we use design to ensure you are as happy as your passengers on every step you take. We can't see the future, but we have made sure you are ready for it...

# GROWING FAMILIES

A general taller and longer chassis has made for greater space on egg2<sup>®</sup> in all tandem configurations, which will require the new egg2<sup>®</sup> tandem adaptors (see page 57).

When second baby comes along, you can convert any egg2<sup>®</sup> package into tandem mode using the seat unit and carrycot (configuration /1).

To view more colourways in tandem mode, please visit [eggstroller.com](http://eggstroller.com).

For twins or close in age siblings – tandem seats are currently available in **Monument Grey, Quartz, Feather, Jurassic Grey, Diamond Black** and **Just Black** egg2<sup>®</sup> colours (configurations 2 & 6).

For toddlers with a little more independence who want to travel with baby brother or sister, we also have the egg<sup>®</sup> ride-on board accessory (see page 59).

## Approved configurations using egg2<sup>®</sup> tandem adaptors:

- 1 / Upper world facing seat unit (max 15kg), world facing lower carrycot (max 9kg);
- 2 / Upper parent facing infant car seat (requires multi car seat adaptors, max 13kg), lower world facing tandem seat (max 15kg);
- 3 / Upper parent facing carrycot (height adaptors recommended, max 9kg), lower world facing carrycot (max 9kg);
- 4 / Tandem parent facing infant car seats (requires multi car seat adaptors & lower multi car seat adaptors, max 13kg per car seat) (see page 15 for compatibility);
- 5 / Upper parent facing infant car seat (requires multi car seat adaptors, max 13kg), lower world facing carrycot (max 9kg);
- 6 / Upper world facing seat unit, lower world facing tandem seat (max 15kg per seat).

## ACCESSORIES

Step out in style every day with co-ordinating egg2<sup>®</sup> accessories. Designed here in the UK, the accessory range is made from premium fabrics and materials to compliment the egg2<sup>®</sup> stroller perfectly.

At the centre of our collection are the practical needs of you as new parents, and the comfort and safety of your child.

We develop our range of accessories so that they are useful first and then we make them beautiful. From the curves of our carrycot to the finish of our backpacks and the ease of use of our adaptors, we pore over every individual accessory as much as we do over the stroller itself.

Your parenting experience with egg2<sup>®</sup> will be greater than the sum of the parts so we need every individual part to be outstanding.

Explore the following pages to discover our range of usefully beautiful accessories...

## CARRYCOT

At egg<sup>2</sup> we recommend your baby is in a lie-flat position for at least the first six months to assist with spinal development.

Available in all egg<sup>2</sup> colours, the carrycot has evolved in both its shape and release mechanism. As a spacious nest suitable from birth to 9kg, it is longer, has wider tapered edges and features an ergonomic release lever positioned at the head end. Like the egg<sup>2</sup> seat unit it also features a ventilation window and UPF 50+ protection in the retractable canopy.

The beautiful soft lined egg<sup>2</sup> carrycot includes a mattress and raincover as standard as well as a fully adjustable hood and zip on carrycot apron. The carrycot can also be used for occasional overnight sleeping.

## BACKPACK

The egg<sup>2</sup> backpack (also compatible with the eggZ<sup>®</sup>) is stylish and practical, made from a soft-touch, marl fabric. It features an insulated external pocket, all finished with quality egg<sup>2</sup> zip tags. Inside, the bag features a large main compartment with other pockets for smaller items and comes complete with a quality padded changing mat. It has adjustable straps with shoulder padding and features two straps to attach to the handle of the stroller. As with all designer bags, the egg<sup>2</sup> backpack comes in a dust bag to keep it in pristine condition when not in use.

Special Edition egg<sup>2</sup> strollers (Just Black, Diamond Black and Jurassic Grey) come with the new egg<sup>2</sup> toploader backpack as standard. The backpack can attach to the stroller with ease and has a quality padded changing mat in matching fabrics. Featuring an insulated pocket at the front and enhanced straps, the Toploader Backpack also comes complete with a dust bag for storage.

## EXPLORE PERFECTION

At egg® we have always been smitten with the smallest of details. That button; this stitch of fabric, those buckle clasps, the treads on that tyre. It's the dozens of tiny individual decisions that make the complete finished product so perfect. After all, everything we do is based on looking after babies, the smallest of people, so every miniscule part is important and makes a difference.

When we had the big idea to create another egg® stroller we asked ourselves how small can we go?

There are lots of tiny strollers available though, so we tweaked the question – how small can we go without compromising the luxury, convenience and safety that the egg brand offers.

The answer is...eggZ®

We started with everything that is loved about our larger egg2® stroller; such as the easy push and smooth ride, the exquisite tailoring of the fabrics, the curves of the chassis. Then we focussed on maintaining the maximum comfort for your precious passenger and the ease of use that has become one of our hallmarks.

Our end result is big stroller features and functionality, in a small package – we are very proud to introduce eggZ® and invite you to explore perfection with us.

### egg2® deluxe blanket / £25

The new egg2® deluxe blanket is super soft for your baby and comes in either ivory or grey with a quilted pattern to match the egg2®.

## AFTERCARE

Welcome to the egg<sup>®</sup> family, an exclusive club of parents that share an appreciation for award-winning design, luxury living and specialist engineering. egg<sup>®</sup> is more than a stroller; it is the capsule that gifts your newborn the perfect start, the helm from which they first explore a new world.

### **Sustainability**

Longevity and practical living has always been of the utmost importance to us. That's why the egg2<sup>®</sup> stroller is built for use from birth to 25kg, and can be converted to tandem for twins or close in age siblings.

As with many designer accessories, the egg<sup>®</sup> is deemed an investment. When properly cared for it will maintain a respectable residual value.

### **Stroller Health Check**

As part of our commitment to building a more sustainable world, we offer a 'health check and service' that ensures the safety of your stroller past its warranty, for when your second or third child comes along. This service is available from £75 (mainland UK only).

### **Care & Maintenance**

Just as with a car or bike, strollers are built on kinetic mechanisms and require maintenance from time to time. For handy hints and tips on how to maintain your egg<sup>®</sup> stroller, head over to [eggstroller.com/FAQs](https://eggstroller.com/FAQs).

### **Customer Care**

We have a dedicated team of egg<sup>®</sup> product experts across the United Kingdom, who are trained to handle product specific queries:

For optimum care and if your product falls within the 24 month warranty period, the retailer from whom the product was originally purchased, should be contacted first.

If your product is older than 24 months (from the date of purchase), our egg<sup>®</sup> team are on hand to assist. Additional service and maintenance fees may apply.
