Phone: 561-338-3034

Fax: 561-391-6261

September 24, 2015

To Whom It May Concern:

Please note that we confirm that all plastic Nuby items, which are PP bottles and cups, silicone bottles and nipples, pacifiers, teething toys and toys produced in China, have an expiry date of a minimum of 20 years after production date.

"This implies that bottles with a production date in 2008 are safe to be used at least until 2028, provided they are used in an appropriate way."

If anyone has any further questions, please feel free to contact me via eMail at josephh@nuby.com or telephone at (318) 338-3172.

I remain,

Joseph H. Hakim
